

## **Babes with Bullets™ HiViz Scholarship Information**

Each year HiViz Shooting Systems donates scholarship funds to be awarded to women who cannot otherwise afford to come to camp. The scholarships range in size from \$100 to \$325 per award; therefore there is remaining financial commitment due from the scholarship recipient. There are a limited number of scholarships available per camp. In the past some of the criteria used for awarding scholarships have included: single mother; women suffering hardship due to loss of job or illness; women from low income families; wives of deployed military husbands; and first time campers. This list of criteria is merely an example, other criteria may also be considered.
